

MARCH 2024 NEW RELEASES

From north to south, east to west and everything in between, here are 20 Tasmanian gardens that capture the landscape, the story and the spirit of this abundant island.

Tasmanian Gardens

Meg Bignell and Alice Bennett

Tasmanian Gardens reimagines the very definition of a garden. It goes beyond perfect lawns and beautiful borders to the people, places and stories that inhabit this contrasting island state. From vast coastal headlands and kelp forests to gorgeous flower farms and gnome collections, the gardens of lutruwita/Tasmania are as diverse as they are delightful.

Photographer Alice Bennett and author Meg Bignell explore the gardens and landscapes of the island and unearth a whole library of tales told in plants, design, artistry, topography and very hard work. This book is a celebration from coast to mountain and suburb to town, where every garden is a story and every gardener is a storyteller.

- No other book in the market focusses on Tasmanian gardens.
- The authors are extremely well connected in Tasmania. Meg is a bestselling novelist.
- Featuring 20 gardens from across Tasmania, including some recognisable Tasmanian names: Alexander Okenyo, Annabel Scott, Marion & Rob Wiltshire, Deb & Scott Wilson, Jessie Vonk and Nunami Sculthorpe-Green.
