**Charles & Barbara Blackman**  
**A decade of art and love**  
*Christabel Blackman*

*An epistolary love story set against the burgeoning Melbourne art scene.*

When Christabel Blackman's mother turned ninety, they celebrated by sifting through Barbara's old documents: diaries, photos, manuscripts - and a fragile old folder, tied with a ribbon. This held letters from a love long past between Christabel's parents. It was a portal into a decade of art and love between Charles and Barbara Blackman.

Set against the burgeoning cultural art scene of 1950s Melbourne, among the soon-to-become legendary artists of the Heide group, Christabel weaves the story of Charles and Barbara and the influence they had on each other, and on the Australian art world.
