Charles & Barbara Blackman
A decade of art and love
Christabel Blackman

An epistolary love story set against the burgeoning Melbourne art scene.

When Christabel Blackman's mother turned ninety, they celebrated by sifting through Barbara's old documents: diaries, photos, manuscripts - and a fragile old folder, tied with a ribbon. This held letters from a love long past between Christabel's parents. It was a portal into a decade of art and love between Charles and Barbara Blackman.

Set against the burgeoning cultural art scene of 1950s Melbourne, among the soon-to-become legendary artists of the Heide group, Christabel weaves the story of Charles and Barbara and the influence they had on each other, and on the Australian art world.
