Glorious Hotels of India

Cosmo Brockway, Harriet Compston

India's rich heritage and contemporary design properties are displayed through sumptuous images and text. In this updated edition of the bestselling book, authors Cosmo Brockway and Harriet Compston have curated these hidden gems, which are scattered through jungles, beaches, and tropical cities. This is a languid and sensuous look at some of the loveliest hotels in India. Every page glints with the promise of a new discovery. The lighting is atmospheric and the textiles and paintings ravish the eye. Each new look reveals an unseen detail - a Nizam's crystal fan, a serene carved Nandi, and a mother-of-pearl reflection of the Taj Mahal in a frescoed bathroom. India has an effortless magnetism that is reflected in these pages. The properties are vastly different in scale, period and setting, and sing together in a pitch-perfect aria hitting each of the country's highest notes.

Glorious Hotels of India is a journey through over 30 of the most intriguing hotels across the country. All have been chosen for their unique spirit, and many have never been seen before in a book.

"This stand-alone sword-and-sorcery fantasy is a page-turner propelled by captivating characters and frequent battles. Like many reluctant chosen ones, Theo is a virtuous protagonist. He breaks the rules, but only to protect those he loves. Theo's experience navigating two starkly different cultures adds an intriguing layer to the lush worldbuilding. Especially fascinating is the way elixirs and weapons are used combatively. An intriguing, fast-paced fantasy with appeal for fans of Percy Jackson."

You Owe Me One, Universe (Thanks a Lot, Universe #2)

Chad Lucas

Brian and Ezra's story continues in the moving sequel to *Thanks a Lot, Universe*, which *New York Times* bestselling author Nic Stone called "a glorious ode to the beauty of pre-teen friendship". Earnest, heartfelt, and full of humor, *You Owe Me One, Universe* explores the nuances and complications of middle school relationships—and shows how sometimes the smallest acts of caring can be the ones that matter most.
